Russ Will Not End Cold War

Rejects U.S. Offer To Let U.N. Decide

New York, Sept. 21—(AP)—Russia rejected today a conciliatory appeal from Secretary of State Dean Acheson to cooperate in the United Nations for settlement of the Greek-Balkan and Korean conflicts. But the Soviets lost their fight to throw those issues out of the U.N. It was Russia's first defeat in the fourth U.N. assembly.

Acheson repeatedly urged the Russians to help the U.N. end the east-west cold war, particularly in the Balkans and in Korea. He spoke at a full session of the 59 nation general assembly just before noon. Three hours later the Soviet answer came. It was delivered in the 14-nation steering committee of the assembly when fiery Andrei Y. Vishinsky, Soviet foreign minister, abruptly demanded the assembly throw out the Greek and Korean issues. Vishinsky was not present when Acheson spoke in the forenoon, but the Russian delegation was represented.

Russia Defeated 11-2

The committee defeated Russia on the Greek case, 11 to 2. Poland alone voted with Russia. The assembly president Carlos P. Romulo, of the Philippines, abstained.

Next the steering committee favored putting the Korean case before the full assembly. The vote was 12 to 2. This time Romulo voted with the majority and Poland, as usual, supported Russia.

The steering committee can only recommend items to the general assembly but its decision seldom is overturned.

Acheson warned the U. N. today efforts to end the East-West difficulty will require "time and patience and hard work."

Although he used conciliatory words at times, Acheson became firm at the end. He told the U. N.—and the Russian bloc—that the United States and the North Atlantic pact countries are determined to resist any attack.

2nd High Level Statement

Acheson's speech was the second in a series of high-level statements at the assembly. The chiefs of delegations use these opening speeches to lay down their general policies.

Warren R. Austin, Acheson's No. 1 assistant in the delegation, sat for the U. S. in the steering committee, Acheson, speaking quietly, made these points:

1. The United States favors a new effort by the assembly to promote peace in the Balkans. He said he hoped the Russians would end their boycott of the U. N. special commission on the Balkans.

2. Called for continuation of a United Nations commission in Korea and again asked the Russians to cooperate with it. The Soviet-dominated northern regime in Korea has barred the commission from its territory and the Soviet Ukraine has refused to take its seat on the commission.

3. Supported the Palestine conciliation commission's plan for an international regime in the Jerusalem area and demanded that the governments concerned accept their responsibilities toward helping the Middle East refugees.

Two Hurricanes Begin In South

Miami, Fla., Sept. 21—(AP)—Two growing hurricanes spawned far apart in the Caribbean Sea and the Gulf of Mexico today.

One coaxed a threatening fist at the Texas coast. The other twirled through the Caribbean toward the Dominican republic with winds reported up to 85 miles an hour.

Hurricane warning flags fluttered in both areas as residents ashore battened down and prepared for the big blows. Ships were cautioned and small craft ordered to remain in port.

LITTLE EARL SHELTON LEAVES HOSPITAL

Evansville, Ind., Sept. 21—(AP)—"Little Earl" Shelton left Deaconess hospital today, 12 days after being shot from ambush near his Fairfield, Ill., home.

The 33-year-old member of the notorious Shelton clan was hit in the thigh, legs and head by 10 slugs from a machine gun as he drove up to his home before dawn. He was the fourth of the clan to be ambushed in two years. Two of the others died.

RUSSIA BLASTS ITALY

London, Sept. 21—(AP)—Russia has sent a stiff note to Italy accusing the Italians of breaking their peace treaty by lining up with the western powers in the Atlantic defense treaty. The Moscow radio said tonight. Moscow radio said the note was dispatched yesterday.

Blackmer, Exiled Oil Tycoon, Comes Back To America

Boston, Sept. 21—(AP)—Henry M. Blackmer, the Colorado oil tycoon who ran away 25 years to escape testifying in the teapot dome scandal, came home today to face charges still pending against him.

Quietly, the millionaire fugitive slipped into Boston aboard an Air France Transatlantic plane, ending a quarter of a century of self-imposed exile in Europe.

The Justice department announced the 80-year-old Blackmer was on his way immediately to Denver, Colo., to enter pleas to 21-year-old income tax evasion charges. Six indictments still are pending against him there.

U.S. District Attorney Max Bulkley announced in Denver that Blackmer would appear there early next week to answer charges of income tax evasion and perjury.

The perjury charges grew out of a government claim Blackmer's secretary signed and swore to the income tax returns during the years 1920-21 and 22. The wealthy oil man has maintained his innocence through his years in exile on the grounds he had nothing to do with computing the tax or signing the forms.

Air France officials reported a woman they identified as Blackmer's wife, Kaja, was with him on his flight from France. They said she was traveling on a Norwegian passport.

Since fleeing to Europe in 1924, Blackmer has purged himself of some charges against him—paying \$50,000 in fines for contempt and settling one income tax dispute with the government for \$3,670,784.

Chicago Papers Have New Look—Their Old Look

Chicago, Sept. 21—(AP)—Chicago's newspapers came out today with a new look—their old look.

A strike of 1,500 AFL printers ended, the papers used printer set type to publish their news for the first time in nearly 22 months.

It had been so long since many readers had seen a type printed newspaper that they found the results strikingly new and a subject for conversation.

Some readers were enthusiastic about the change; some said they noticed very little difference and others said they preferred the emergency variety-type used during the strike because the print was larger or more widely spaced and easier for some to read.

During the long strike, the newspapers made constant improvement in the appearance of the pages and in the speed of printing the news.

The strike ended Sunday when the printers accepted a contract granting them a \$10 weekly wage boost but permitting the hiring of experienced non-union workers.

Mrs. Morgenthau Dies In New York

New York, Sept. 21—(AP)—Mrs. Henry Morgenthau, wife of the former secretary of the treasury, died today. She was 57.

She had been ill for a long period. She died at the New York hospital, where her husband also is a patient. He was admitted for treatment of what was termed "a slight heart condition."

Mrs. Morgenthau had been admitted to the hospital Aug. 31 for treatment of a liver disorder. Later her condition was reported improving but toward the end of last week she took a turn for the worse.

GIVES TEACHERS HOUSES

Latham, Ill., Sept. 21—(AP)—The Latham school board recently purchased a war surplus building purchased from the nearby Safegum Ordnance plant into four low-cost houses. The teachers and their families pay only \$40 a month rent.

Air Chief Refuses Request To Appear At Navy Probe

Washington, Sept. 21—(AP)—Secretary of Air Symington tonight politely rebuffed a naval court inquiry which asked that he appear for testimony in an investigation of the now-discredited B-36 memorandum.

His office issued a statement saying he would be out of town tomorrow, the day he was asked to appear. He suggested that the court submit questions to him in writing and he would take them "under consideration."

The memo in question grew out of the long struggle between the navy and air force for appropriations and strategic air assignments. Written by Cedric Worth, civilian naval aide, it questioned the value of the B-36, on which the government is spending a billion dollars, and hinted at political conniving by Symington and others.

The charges blew up when Worth recanted before a congressional committee. Symington and others mentioned were cleared by the committee.

Now the naval court is conducting an inquiry of its own into the origin of the Worth memo and other matters. Today it heard navy Capt. John G. Crommelin defend Worth as patriotic and predict that eventually he would be "vindicated."

Crommelin was dropped from his duties on the staff of the joint chiefs of staff and transferred to another assignment following his charge that the navy's attack power is being "nibbled to death" by top army and air force brass in the Pentagon.

Symington is known to have been angry about the charges in the Worth memo, and his action tonight was interpreted as a rebuff to the navy, although he said he desired to "cooperate with the court to the fullest extent possible."

At today's session of the court, Worth testified that plane maker Glenn L. Martin asked him "in a sense" to write the memo about the B-36 super bombers.

Martin has testified that he took no part whatsoever in "instigating or suggesting" the memo.

H.S.T. Asks Delay Of Steel Strike

LOLLIPOPS, ARGYLE SOCKS STOLEN

North Hollywood, Calif., Sept. 21—(AP)—A burglar broke into Elizabeth Sullivan's knitting shop, she told police today. The loot: eight Argyle socks, unmatching, and a jar of bubble-gum and lollipops.

The candy, reserved for younger visitors, is easily replaceable, but Miss Sullivan groaned as she set about knitting socks to match the eight remaining singletons.

Air Search Starts For Two Runaway Michigan Convicts

Columbus, Ind., Sept. 21—(AP)—An air search started over the Camp Artillery area today for two runaway Michigan convicts.

State police hoped to spot the car in which the fugitives were last seen near Fowler, Ind., Monday, after the young salesman they abducted had escaped.

A report from a highway maintenance crew gave police a hint that the men may have abandoned their car and set out on foot.

The crew reported seeing a suspicious-looking man on highway 252 between Trafalgar and Samaria in Johnson county this morning. They said the man ran into a woods when he saw the highway truck approaching.

State police said there was no certainty that the man was one of the wanted fugitives—Sam Leib, 39, and Henry Shelton, 42, Leib, who was serving a life term for murder, and Shelton, who was serving 60 years for armed robbery, escaped from the northern Michigan prison at Marquette on Labor Day.

6 Contest Will Leaving \$1,000,000 To Small Town

Philadelphia, Pa., Sept. 21—(AP)—The town of Perryopolis, Pa.—population 1,000—has rivals for the million-dollar bequest willed to it by Mrs. Mary Fuller Frazier.

Counsel for three men and three women who contend they are Mrs. Frazier's first cousins advised Judge John P. Boland in orphans court today they intend to appeal probate of Mrs. Frazier's will.

At their request, Judge Boland continued to Wednesday, Oct. 5, a hearing on distribution of the estate, to give their counsel time to file a memorandum and appeal.

The relatives are asking that the case be removed to Connecticut. They claim Mrs. Frazier was a resident of that state, rather than Pennsylvania.

Attorney Lewis H. Van Dusen, Jr., Philadelphia, counsel for the relatives, said the six relatives contesting the will are Guy Fuller Martin, Bell Vernon, Pa.; Minnie B. Kline, Loraine, O.; Mae Strickler, Bridgeport, O.; Forest H. Strickler, Harry A. Strickler and Grace Meredith, Monmouth, Ill.

Perryopolis, 30 miles from Pittsburgh, has been making plans to spend the money for various civic projects.

Blast Rips Phillips Gas Plant; 4 Hurt

Borger, Tex., Sept. 21—(AP)—An earth shaking blast ripped through the Texas gasoline plant of the Phillips Petroleum company refinery at Phillips about 4:30 p. m. today.

The Pantex hospital said only four persons were injured and their condition was "not too serious." The hospital had not been able to obtain names of the injured, the spokesman added.

Company officials said the entire area had been evacuated to facilitate rescue operations.

The blast sent mushrooming clouds of smoke almost 400 feet into the air, and flames almost half as high. Borger sent its four fire trucks to the scene, and the city's five ambulances raced there.

Phillips is about a mile and one-half northeast of Borger.

SAYS CHICAGO CAFE OWNER ATTACKED HIM WITH 'SIZE 8 SHOES'

Chicago, Sept. 21—(AP)—Fred Haverkate, 32, an egg dealer from Lake Mills, Wis., accused Chicago restaurant owner George Widges today of assaulting him with a deadly weapon.

The deadly weapon, Haverkate said in his complaint against five feet, five inch, 240 pound Widges, was:

"One pair of oxford shoes, size 8, attached to the defendant's left and right feet."

Municipal Judge Cecil C. Smith continued the case to Sept. 30.

Big Steel Agrees To President's Request

Washington, Sept. 21—(AP)—The United States Steel Corporation, the biggest in the business, quickly agreed today to a six-day extension of the steel strike truce as requested by President Truman.

"Big Steel" also said it is prepared to meet immediately in collective bargaining sessions with the CIO steelworkers, who have threatened to strike at one minute after Saturday midnight.

Philip Murray, the Steelworkers' chief, said the union's wage policy committee would decide its answer to the president's request tomorrow.

Deals would be handled by an International Commodity Clearing House under guidance of the FAO. It would have a \$5,000,000 capital contributed by member countries in their own currencies.

The plan was drawn by a committee of trade experts chosen by the FAO from all parts of the world. It is being submitted to member nations of the FAO and will be laid before the FAO's annual conference to open here Nov. 15.

The new agency would work through normal channels of trade or through appropriate government agencies, for its buying, selling and storage operations.

Head Of Standard Oil Co. Says U.S. Nearing Statism

DeKalb, Ill., Sept. 21—(AP)—The president of the Standard Oil company (of Indiana) asserted today that the trend in the United States is toward statism "and I'll gladly risk being enrolled in the S. O. B. club for saying so."

A. W. Peake made the remark in a talk for a meeting of farm and city residents from a five county area. He was obviously referring to President Truman's use of the initials several months ago to describe Drew Pearson, a newspaper columnist and radio commentator with whom he disagreed.

"Under the guise of security and stabilization, competition in America is staggering before the on-give their answer soon to Cyrus Ching, the government's mediation chief."

In his letter addressed to union and management representatives, Mr. Truman said chief U. S. Mediator Cyrus Ching had informed him it is "unlikely" that an agreement can be worked out before the current strike deadline—12:01 a.m. Sunday.

"Every possible effort should be exerted and every possible opportunity afforded to reach a settlement and avoid a stoppage in this important industry," the president exhorted.

Woods Says Rent Curbs Are 'Shame' But 'Necessary'

Chicago, Sept. 21—(AP)—Tighe E. Woods, national housing expediter, said today that continuance of rent controls "is a shame" but added, "they are necessary."

Woods addressed a joint meeting of the Chicago and Illinois real estate boards. He said:

"I know you want decontrol as soon as possible. So do I. I don't mind admitting I think it is a shame that rent control is still necessary four years after the war, but it is necessary and will be necessary until you in private industry and we in government do something for the great bulk of American people who can afford to pay no more than \$40 to \$60 per month for shelter."

Rev. Street Named Bishop Of Chicago

Chicago, Sept. 21—(AP)—The Rev. Charles L. Street, 58, today was elected Episcopal Suffragan Bishop of the Chicago Diocese.

He succeeds Bishop Edwin J. Randay, who retired last year.

Mr. Street was named assistant to Bishop Wallace E. Conkling, head of the diocese, on the fourth ballot. Delegates from all Episcopal churches of the Chicago Diocese participated in the special convention.

Mr. Street was headmaster at St. Alban's school in Sycamore, Ill., from 1928 to 1938. His most recent assignment was at St. Christopher's church in suburban Oak Park.

2 FREEDOM MEN ACQUITTED IN KILLING

Freeport, Ill., Sept. 21—(AP)—Wallace Marcum, 17, and Irvin Loring, Jr., 21, were acquitted today of manslaughter charges in the fatal beating of Robert Carmody, 31.

Carmody was battered to death in a tavern brawl in Freeport last Feb. 11. Marcum and Loring admitted the beating but claimed they fought in self-defense.

A Stephenson county circuit court jury deliberated three hours before returning the verdict.

\$5 Billion Food Agency To Supply Needy Areas Asked

Washington, Sept. 21—(AP)—A new \$5,000,000,000 world food agency for moving farm surpluses to needy areas was proposed today by N. E. Dodd, director-general of the United Nations food and agriculture organization.

The plan is designed to help get around the dollar shortage which is keeping many countries from buying food they need in the United States and other countries in the dollar area.

Such countries could buy surpluses with their own currencies. Or if they paid for them with dollars or currencies of the exporting countries, the buying nations would get the surpluses at cut-rate prices.

Deals would be handled by an International Commodity Clearing House under guidance of the FAO. It would have a \$5,000,000,000 capital contributed by member countries in their own currencies.

The plan was drawn by a committee of trade experts chosen by the FAO from all parts of the world. It is being submitted to member nations of the FAO and will be laid before the FAO's annual conference to open here Nov. 15.

Reds Proclaim Rule In China

MAN FOUND WITH BAD BULLET WOUND

Gary, Ind., Sept. 21—(AP)—A negro about 27 years old was found near the west edge of the city today with a critical bullet wound through his head.

Police said he carried a waiter's union card made out to James Colbert, Chicago (348 E. 58th st.). A bullet passed through his head from front to back, and a pool of blood was found two feet away.

He was taken unconscious to Methodist hospital.

Pittsburgh Will Have Rockefeller Center Like N.Y.

Pittsburgh, Sept. 21—(AP)—Twenty-three acres of blighted area in Pittsburgh's celebrated golden triangle are going to be turned into a Rockefeller center far more elaborate than New York's.

The most tremendous development program in this steel and coal capital's history became a reality today with disclosure the Equitable Life Insurance company of New York agreed to help finance it.

This "gateway center" as it will be called because of Pittsburgh's fame as gateway to the west will cost \$50,000,000 as a starter for three new 20-story skyscraper office buildings.

The gigantic new commercial center will be located in the historic point carved up by the Allegheny and Monongahela rivers merging to form the turbulent Ohio.

The proposed three new commercial office buildings will provide 60 acres of office and store space. Completion and occupancy is expected in 1952.

Judge Angered By Attorneys Asking Trial Continuances

Chicago, Sept. 21—(AP)—Big city lawyers drew the ire today of a country judge because they were not ready for trial and asked for continuances.

Boone County Judge Frank A. Oakley, who normally sits at Belvidere, a town of 8,000, called up 16 cases in Cook county court. Only two attorneys, H. Leon Nye and Dudley Emerson, said their clients were ready for jury trial.

"You gentlemen are to be congratulated," Judge Oakley remarked. "There were 200 cases on this court's calendar Sept. 12. Until today, 130 cases have been called and not one has been ready. This court is costing taxpayers \$30 a day, and the jury has been sitting here with nothing to do."

Judge Oakley said attorneys who always asked continuances "seem to be showing a lack of diligence. The next time any of your cases come up and you are not ready I will dismiss the case."

He added: "This kind of thing wouldn't happen in Boone county."

Mitzi Not Only Dumb, But Deaf

Compton, Calif., Sept. 21—(AP)—Cats can't talk, and deputy county poundmaster Eugene Sabine thinks it's unfortunate.

A housewife asked him to pick up 12 cats. But when Sabine arrived, the housewife wasn't at home.

On the porch were the 12 felines and a note: "Please take all the cats except Mitzi."

Sabine asked for Mitzi, got no answer. So he left all 12.

Coal Operators Resume Talks For New Contract

White Sulphur Springs, W. Va., Sept. 21—(AP)—It looked today as if their 30-cent-per-ton royalty payment could wait until after the steel industry labor dispute is decided.

Northern and western coal operators resumed negotiations for a new contract with John L. Lewis and his United Mine Workers here.

However, they told him quickly that they would not discuss specific terms on any new contract until the dispute in the steel industry has been cleared up.

These operators, representing about one-half of the nation's soft coal production, feel that any new steel contract might set a pattern for industry as a whole.

The stand of the operators provoked Lewis at a three-hour session but he refused to comment to reporters on the development.

Meanwhile, there were reports from Bluefield, W. Va., that the new welfare fund.

As they started talks at Bluefield, the UMW handed down a blunt ultimatum that it would not talk contract with the SCPA until all its members resumed payments into its welfare fund.

The election concluded a hectic session during which charges of communism and union disruption were fired from platform and the convention floor.

DIES OF CANCER

Chicago, Sept. 21—(AP)—Miss Ada Cox, 23, of Decatur, Ill., died today of cancer in Presbyterian hospital nine months after doctors told her she had only four months to live. She had submitted to experimental surgery.

Peoples Republic Of China Formed

By The Associated Press. The Chinese Communist, with more than half of China's 457,000,000 population under their red banner, yesterday (Wednesday) announced they had established "the peoples republic of China."

The long-expected announcement was made in Peiping by Red Leader Mao Tze-Tung, 56, a peasant's son who 27 years ago helped to found the Chinese Communist Party.

An early bid for international recognition is expected. This Communist regime now holds dominion over roughly half the land mass of China proper.

Mao declared in an address that the "Peoples Republic" must unite internationally "first of all (with) the Soviet Union and the new Democratic countries." He meant the Soviet satellites of eastern Europe.

Mao spoke before the opening session of the "Chinese peoples political consultative conference." The conference was called to set up the central government.

The broadcast was heard in San Francisco by the Associated Press. The conference's 633 delegates are a mixture of Communists and non-Communist politicians. They enabled the Reds to raise the facade of a conference representing all phases of Chinese life.

But Communist delegates are in the majority, and it is the Communists who run the show.

Will Make Constitution

The conference will select the "government council" of the "Peoples Republic," and adopt its "organizational statute" or constitution. If the central government follows the pattern of Red regional governments in China, this council will do the ruling.

Nationalist observers in Canton expect the Communist government to be proclaimed formally on Oct. 10. That is the anniversary of Sun Yat-sen's revolution of 1911 which overthrew the Manchu Dynasty. Mao was a teen-age worker in that revolution.

Mao in his speech referred to Sun's revolution as the forerunner of "The Peoples (Communist) great revolution."

The Communist leader boasted that Communist armies several million strong had "defeated the Kuomintang (Nationalist Party) reactionary government, which is led by American imperialism."

"Our national defense will be consolidated," Mao said, "and no imperialist will be allowed again to invade our territory... we will not only have a powerful army but also a powerful air force and a powerful navy. Let the reactionaries at home and abroad tremble before us."

THE NEW SCHOOL

The "new school" erected in South Jacksonville by the taxpayers of a large consolidated district is nearing completion. Several hundred grade school pupils moved into the classrooms this week. Buses go out through the district, bringing the boys and girls to school, and taking them home. The pupils talk about the "new school," of which they are extremely proud. The building hasn't an official name, except Consolidated District No. 2. A fine, modern building of this kind is deserving of a name more descriptive of the purpose for which it was erected, or the area it serves. Probably by the time the school is ready for official dedication the directors and the patrons will decide upon a name for the building.

All public school buildings in the City of Jacksonville bear names of men who were prominent in government or education. We have the Newton Bateman High school; David Prince Junior High school; Jefferson, Lafayette, Franklin and Washington elementary schools. In the rural districts prior to consolidation, each one room school house had a name. Maple Grove, Walnut Grove, Blue Grass, Sunnyside, Pleasant View—all were names familiar to the public. Some of the rural schools bore family names, dating back to pioneer days when land was donated for school purposes.

In seeking a name for the new school in the consolidated district, its board and patrons will find a large field. Perhaps they will wish to honor the memory of a famous man or woman. This community has no Lincoln school, although that name is revered throughout the world. Or the citizens of the district may wish a name descriptive of the countryside or area. Several districts in Illinois have adopted Southern View, or names of similar type. The new school is situated near Vandalia Road, a historic route to the old state capital.

There is nothing particularly wrong about calling a school by number. However, a name is more preferable with the majority. We expect to be able to refer to the Lincoln school, Vandalia school, or other chosen name, before the first term closes at the beautiful new building, located between Vandalia Road and Pennsylvania avenue.

What About Subsidies For U.S. Housewives?

By Hal Boyle
New York —P— Government's at the local beaver. Even then the most forgotten wail is the American housewife usually hands her the check, since she is the only solvent member of the family.

The hand that rocks the cradle of the world—but it isn't getting any handouts from Washington. And it appears to be the only one that isn't.

There is a department of commerce to help the tired businessman solve his commercial woes. There is a department of labor for the poor working man. And there are so many agencies set up to assist nature's plowman, the farmer, that he can plant his seeds upside down without bringing the politicians running in a hurricane and still make money.

But there is no Marshall plan for the matrons, no subsidies for housewives. This is certainly undemocratic, as there are more housewives than businessmen, more housewives than working men, more housewives than dirt farmers.

Keep Nation Going
And it is the housewives who keep the nation going. They control most of the wealth, buy most of the goods, pay most of the bills. If it weren't for the financial genius of the woman of the house, half the homes in America would be bankrupt in a year.

What recognition do housewives get for keeping the country on an even keel? A few kind words on Mother's Day, a half dozen battered

Exchangees Hear

Talk on Hawaii

"Industrial Hawaii" was the subject of a talk given by Mrs. Alvah S. McCarthy on Monday evening at the meeting of the Exchangees club held at the Dunlap hotel.

Mrs. McCarthy explained the mechanics and research back of the two largest industries in Hawaii, the sugar and pineapple cultivation and the processes of the finished products. Flower and orchid cultivation and the products of the more artistic trend were also explained. Hawaiian articles were displayed.

Mrs. McCarthy also discussed the 146-day longshoremen's strike, which had a paralyzing effect on the industry of the islands.

Mrs. Lloyd Anderson was also a guest at the meeting.

The club will next meet for a potluck supper Oct. 3 at the home of Mrs. Norma Reed.

It was announced that rally day will be observed Sept. 25 in the First Baptist church. All members are urged to attend.

AMERICANS MAY SEE

AUSTRALIAN WILDS

Sydney, Australia.—P—The "top end" of Australia's northern territory may be seen by Americans who want to get away from it all. It is present plans work out. Plane and motor trips into the wild territory are being worked out.

E. J. Connelan, an airline operator, says wild Malaya-type buffalo swarms in the area. Crocodile hunting is also said to be good sport.

Incidentally, the crocodiles make good hunting for commercial hunters. Some hunters are reported to earn 3,000 pounds in six months by selling skins. It is estimated that this sum would buy as much in Australia as \$25,000 would in the United States.

What It Means:
Tax On Freight
Rate Boost

Washington.—The recent increase in railroad freight rates brings about a double-barreled boost in living costs.

It raises the ordinary charges for shipments of goods, which results in increasing the amount paid in federal excise taxes on the transportation of property. These extra charges customarily increase the prices paid by consumers for those goods.

The federal tax on transportation of property is three per cent of the regular transportation charge. (The 15 per cent tax on passenger fares is not affected by the new rate increase.)

The Interstate Commerce Commission granted the railroads a general four per cent increase in freight rates to compensate for the costs of installing a five-day week schedule for non-operating employees Sept. 1. It is expected that Congress will give primary attention to the property transportation tax when it tackles the excise levy issue at next year's session. Tax specialists say it is the one tax which virtually everyone favors abolishing.

That's because it tends to increase living costs more than any other single excise tax. One reason is that it applies to all kinds of commodities and another is that it often keeps pyramiding.

For example, it is applied first to raw materials being shipped to an assembly plant. Second, these materials are taxed again when shipped in a semi-finished state. Finally, there is a tax on shipments of the finished product.

President Truman generally has opposed the elimination of excise taxes, but in his mid-year economic report he said the property transportation tax should be wiped out. He didn't advocate repealing the 15 per cent tax on passenger travel.

However, there will be pressure for abolishing the passenger tax when Congress tackles the property transportation levy. Many Congressmen contend that much travel is in the necessary, rather than the pleasure class.

The 15 per cent bite is considered particularly rough on persons who regularly ride commuter trains to and from work.

Priest Is

U. N. Delegate

New Delhi.—P—A Jesuit priest from Madras is a member of the Indian delegation to the United Nations General Assembly at Lake Success.

The Rev. Father Jerome DeSouza, principal of Loyola College at Madras and a member of the Indian Constituent Assembly by special permission of the Pope, has accepted his second governmental assignment in agreeing to join the Indian UN representatives.

Father DeSouza has long been recognized as one of the keenest supporters of Prime Minister Jawaharlal Nehru's "secular government" program and a leading opponent of "communal politics," the Indian practice of basing political factions on religious and racial communities.

In the Constituent Assembly he has been a leader of the bloc which has pushed through constitutional guarantees for religious and racial minorities in India and was among the first to applaud India's decision to remain in the Commonwealth.

Fake Lost Son 'Returns' Twice

Berlin—(P)—A mother and daughter in Berlin welcomed home their lost son and brother in November 1945. They thought he looked strange, but they remembered he had fought through the war and been a prisoner of the Allies.

For three years he lived with the family. Then one night he left town and his employers said company funds were missing. Later the mother got a letter of apology which said the man she had welcomed was really her son's double.

Then she was notified that her son had been found—escaped from the Russians after long captivity. Mother and daughter thought the man was the same one who lived with them for three years. They doubted that he was the real son. Finally the sister found a shirt in his room that she had mended in his previous stay. Although he denied the charge and still claimed to be the real son, a skeptical judge sentenced him to five months in jail.

Ways to Save

If you were a native of the central Andes you would save for the future by making "cabulla" rope in your spare time. Cabulla is the native name for the tough inner fibres of the yucca plant. Cabulla strands are twisted with horse hair and braided into an extremely strong rope. Coils of cabulla rope are valuable possessions and are sometimes wrapped around the waist for safety from theft.

Aren't you glad you don't have to wear your savings in a belt around your waist? And aren't you glad that your savings earn a profit at the same time they are SAFE at Jacksonville Savings & Loan Association? It's easy and convenient to save money at Jacksonville Savings & Loan Association. Stop in and let us explain. JACKSONVILLE SAVINGS & LOAN ASS'N.

Nearly everyone knows that a test can be made of the blood which will show whether or not a person is infected with syphilis. With the aid of this test, extensive campaigns have been made against syphilis because this disease could be eliminated altogether if all cases were discovered and made non-infectious early.

Tests made on large groups of the population in this country have shown anywhere from about one person in a thousand to five persons in a hundred to have this infection. The principal way by which the disease can be wiped out is to identify all of those who are infected and to make them non-infectious to others just as soon as possible.

The best way to identify infected persons is to take small samples of blood from very large groups and to test them. This has already been done for large industrial groups and during the war for military personnel.

Required Before Marriage
This blood test is also required in most states now before marriage. Premarital tests are particularly important because they help to prevent the transmission of the disease to an uninfected spouse and also check the possible development of the disease in children.

There is no doubt that these mass blood tests on large groups of the population uncover cases of syphilis which might have been unrecognized for years. Also this serves to cut

down the number of cases of the disease which could serve as a source of infection for others.

Here is a problem about which medical science knows the answer. The end of this scourge which has afflicted mankind since the middle ages will be a major triumph. It would not be postponed too long.

Note: Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the most frequently asked questions in his column.

Nevada Hits New Bonanza In Books Playing Host To Best-Selling Authors

By NEA Service

Virginia City, Nev.—(NEA)—The roaring millionaires of the Comstock Lode days might not like the idea, but Virginia City is staging a comeback through the medium of fine literature.

The famous streets and fabulous homes that once knew the silver mine kings now welcome four famous authors, who form the nucleus of a new bonanza for the once-rich area.

The four are Roger Butterfield, author of the picture history, "The American Past"; Walter van Tilberg Clark, whose "Track of the Cat" is now on the best-seller lists; and the writing team of Lucius Beebe and Charles Clegg.

Virginia City's artistic colony is not the beard-and-beret set, however. Nevada's literary lights are more at home in dungarees and riding boots than in berets, and prefer dropping in to the Sawdust Trail Saloon to literary teas.

Butterfield and Clark are residents of Virginia City proper, while Beebe and Clegg live in their celebrated private railroad car, "The Gold Coast," a throwback to the days when every self-respecting millionaire had his private palace car. "The Gold Coast" is now in the yards of the famed Virginia & Truckee Railroad at nearby Carson City, but Beebe and Clegg are fixing up a home in Virginia City, too.

What was once the offices of the Colar-Potosi, one of the most celebrated of the great Virginia City mines of the '60s and '70s, is now

Little Syria Looks At Itself

Damascus—(AP)—For the first time this little Levantine country, which has sent to many immigrants to the United States and South America, has been able to take a long look at itself in a statistical mirror. A new government agency has produced what are believed to be the first wholly accurate and modern statistics on the country.

It reported Syria has a present population of 3,043,310. The country is 2,274 kilometres long. Its borders include 173 kilometres of sea-coast, 808 kilometres fronting Turkey, 592 bordering Iraq, 353 with Hashemite Jordan and 70 kilometres with Israel.

There are 1,072 elementary schools—only 194 of them for girls. Elementary school students numbered 187,356. The 64 secondary schools had 18,914 students. The country has nine professional schools and one university, with 1,728 university students.

Home Town Boy Makes Good

Rome—(AP)—The city of Biella in Northern Italy has learned with great pride that one of its sons became governor of the state of Chihuahua in Mexico which has an area greater than the whole of Italy.

ASTRA, an Italian news agency, said that the Chihuahua governor, Fernando Foglio, is the son of a laborer who emigrated to Mexico from Biella about a half century ago.

The news agency dispatch said that Foglio, an engineer, has had a brilliant career, and is credited with leading his state to great advancement.

During the winter months 95 per cent of the migratory birds remaining in the United States stay in a strip bordering the Atlantic Ocean and the Gulf of Mexico and north up the Mississippi or on the west coast from Puget Sound southward into California.

Mercedosia—A public meeting was held Monday night at the high school in regards to a proposed municipally-owned water system for the village of Mercedosia.

Those present entered into a quite lengthy and interesting discussion. They gave in clear detail, the facts regarding the engineering blueprints, construction costs, finance and maintenance of the system after the project has been completed. All questions asked by the group were very ably answered.

It was explained that the first step in procuring the proposed system is to obtain the proper percentage of prospective users. Work is being started immediately to accomplish this task.

Asks \$100,000 As Result Of Crash

A \$100,000 personal injury and damage suit was filed in Sangamon county Circuit Court Tuesday against Mr. and Mrs. Lester E. Riley and their son, of Pleasant Plains, by a Port Madison, Ia., man, who charged them with negligence in an automobile collision in which he was seriously injured.

The plaintiff, O. H. Samuelson, said in the suit he suffered permanent chest and other bodily injuries when his car crashed into the back of the Riley truck on Feb. 10 at a point about two miles west of Pleasant Plains on Route 125. He charged that Ernest Riley, who was driving the truck, attempted to make a left turn and turned directly into the path of his car, despite a warning from his horn.

Samuelson asked damages for his car also, which he claims was demolished in the accident.

Wabash Hearing Set For City Thursday

An adjourned hearing of the Wabash Railroad Company for permission to take off passenger trains 2 and 3, operating through this city, is scheduled for 9 o'clock Thursday morning before the Illinois Commerce Commission at the Morgan county circuit court room.

Taking of evidence opposing the petition will be resumed. Objectors to the petition presented some evidence at a hearing Sept. 7 in Springfield.

The Jacksonville hearing was ordered by the Commerce Commission for the convenience of citizens residing along the line west of here.

A delegation of Pike county objectors is expected to attend the session Thursday.

The Jacksonville city council went on record several weeks ago as opposed to discontinuance of the two trains, which provide important mail service to this city, together with passenger service.

Chamber of Commerce officials have been active in resisting the move of the Wabash to eliminate the trains.

An examiner for the Commerce Commission will be in charge of the local hearing, after which the testimony will be taken under consideration by ICC officials at Springfield.

CHICAGO LIVESTOCK MARKET REPORT

Chicago, Sept. 21.—(AP)—Hog prices were steady to 50 cents lower today and cattle unevenly 25 cents higher to 25 cents lower. Lambs were steady, yearling wethers absent, but slaughter ewes were firm to 25 cents higher.

Most butcher weight hogs sold from \$17.00 to \$20.50, one load topping at \$20.85. Sows took \$16.00 to \$19.50 and a top of \$19.75. Clearance of overnight supplies was good.

Seven loads of steers grading high-choice and choice to prime merited the peak price of \$34.00, while high-good and choice kinds generally were \$28.50 to \$33.25. Good to low-choice fed heifers found a range from \$25.50 to \$28.75. Sausage bulls topped at \$20.50 and vealers at \$28.50.

In the ovine trade it was eastern shippers and local small killers who bought steadily. Packers were bearish. Good and choice material ranged from \$22.50 to \$23.50, the peak. Ewes topped at \$9.50.

Estimated salable receipts included 8,500 hogs, 10,000 cattle, 500 calves, and 2,000 sheep.

Looks Like Good Season For Ducks In Illinois

Chicago, Sept. 21.—(AP)—Cross your fingers, duck hunters! It looks like a good Illinois season, but several factors could dampen the prospects.

This word comes from Frank Bellrose, game technician for the Illinois Natural History Survey. Frank is stationed at Havana, in the heart of the Illinois river valley duck shooting area.

Bellrose made a recent airplane survey and reported there were more ducks in the valley than this time last year. He estimated there were 7,000 in half the valley, compared with 5,000 last year.

Fine Breeding Season

While that in itself doesn't mean too much, add to it the fact that it has been a fine breeding season in the great plains area of Canada, source of from whence come most of the ducks which tarry in Illinois river valley en route south in the fall. This is particularly true of Manitoba, which produces most of the ducks.

Also encouraging is the feeding situation in the upper part of the Illinois valley and in the Mississippi valley, except around Spring Lake, near Savanna.

In the upper areas, where aquatic plants abound feeding conditions are fine. In the central Illinois valley, early cold weather could put a crimp in the feeding situation. In that area, the plants on which ducks feed grow largely on mudflats. If there should be an early fall, these mudflat plants won't produce. If the fall is late, the feed should be plentiful.

Weather Important

The weather during and preceding the season—Nov. 4 to Dec. 13—also will be an important factor, as usual. Water must cover the low level lakes. If there is insufficient water and feed is not plentiful, the ducks will whizz on through. If conditions are good, the ducks will stop and pose for the hunter.

Bellrose said his first survey showed blue wing teal were most abundant in the valley—about 4,100 of the 7,100 total. Next came pintails—about 2,400. There were about 150 spoonbills, 350 green wing teals, and a smattering of other varieties.

Need Permits

Sangois and Bathtown will be run as open areas but permits will be needed to hunt in the other areas.

Due to tremendous demand, hunters will be given but one permit for pheasant hunting and two to hunt for waterfowl.

Applications for permits must be sent to the Department of Conservation, Division of Game Management, room 121, Capitol Building, Springfield, not earlier than Oct. 1.

Reckless Homicide Is Charged In Warrant Against Auto Driver

A warrant charging Donald Carter, 38 year old Springfield negro, with reckless homicide, was prepared Wednesday by State's Attorney Albert Hall, on the basis of a verdict returned by a coroner's jury Tuesday night into the death of William Roy Shelton, 59 year old Springfield man. Shelton was instantly killed in an automobile collision on the night of Sept. 5, several miles east of this city, Carter having been the driver of one of the cars.

Carter, who was arrested by Sheriff Ralph Bourn after the jury returned its verdict Tuesday night, waived preliminary hearing Wednesday afternoon when he was brought into the court of Justice C. S. Smith. His bond was placed at \$2,000. The prisoner was unable to furnish the bond and remained in the county jail last night.

Penalties For Conviction

Conviction on a charge of reckless homicide carries several possible penalties—a fine of not less than \$100 or more than \$1,000; imprisonment in the county jail of not less than 60 days or more than six months; or both fine and imprisonment; imprisonment in the penitentiary for not less than one year or more than five years.

The coroner's jury held that Carter was guilty of "reckless disregard for the safety of others."

William H. Harrison, with six sons and four daughters, had a larger family than any other American president.

James Buchanan was the only bachelor to become president of the United States.

Routt Six-Man Gridders Meet Arenzville Tonight

Cards, Dodgers Split Twin Bill; Slaughter Takes Over Swat Lead

St. Louis, Sept. 21.—(P)—Preacher Roe, a frail looking left-hander who once toiled for the St. Louis chain, pitched the Brooklyn Dodgers to a comeback 5-0 victory over the Cardinals tonight after the Redbirds had taken the opener of their afternoon-night doubleheader, 1-0.

Roe's teammates backed up his brilliant two-hit pitching with a fourth-inning explosion that sent Harry (The Cat) Brecheen to the showers and resulted in five big runs for the Brooks.

The split left the two rivals exactly where they were before the proceedings began—with the Cards perched in first place, a game and a half to the good.

Enos Slaughter

They meet again tomorrow night in the final of their crucial three-game set. Red Munger (15-6) has been named by Manager Eddie Dyer to hurl for the Redbirds, while Dodger skipper Burt Shotton planned to go with either Ralph Branca (13-5) or lefty Joe Hatten, (11-8).

Including tomorrow's battle, the Cards have eight games remaining, and the Dodgers seven.

Roe, in racking up his 14th triumph of the year and his fourth over the Cards, retired the first 12 men he faced—four of them by strikeouts. A clean single to center by

Enos Slaughter, the league's new batting leader, opening the last of the fifth, ended any dream Roe might have been having of a no-hitter.

The Cards' second hit was a cheapie, a slow bounding ball by pinchhitter Whitey Kurowski in the sixth. First Baseman Gil Hodges had a little trouble fielding it. Roe fanned five and did not issue a pass.

Reds Edge Giants 5 To 4 Then Drop Nightcap 5 to 2

Cincinnati, Sept. 21.—(P)—The New York Giants and Cincinnati Reds divided a doubleheader today before a slim gathering of 2,292.

The Giants, behind chunky Dave Koslo's six-hitter, captured the seven-inning nightcap, 5-2. The Reds won the opener, 5-4, in ten innings.

A four run burst by the Giants in the first inning of the second game decided the issue. Run-producing singles by Sid Gordon, Willard Marshall and Bobby Thomson featured the rally against loser Howie Fox.

Larry Jansen started for the New Yorkers in the opener and was leading 4-1 going into the Reds half of the eighth. Then the Reds tallied twice on Walker Cooper's 19th home run, two singles and a wild pitch.

With two out in the ninth Cincinnati tied the score 4-4 on big Ted Kluszewski's single.

After Johnny Wyrostek opened the tenth with a triple, Sheldon Jones passed the next two batters intentionally. Then, with Danny Littwhiler batting for Ewell Blackwell, Jones passed him unintentionally, forcing home the winning run.

Senators Defeat Brownies 7 To 0

Washington, Sept. 21.—(P)—Beat-ten 11 straight times, rookie Dick Weik pitched a 3-hitter for the Washington Senators tonight to defeat the St. Louis Browns, 7-0. Ed Stewart, with two doubles and a triple, batted in five Washington runs and scored the other two.

Weik, towering 21-year-old right-hander who had won his only other game in a relief role on June 30, has lost 12 games.

Stewart's double and Bob Ortiz' single scored Washington's first run off Cliff Fannin in the first inning. Stewart tripled with the bases filled in the third inning and scored on Eddie Robinson's single. Stewart doubled across the Senators' final two runs against Bill Kennedy in the seventh.

Phillies Beat Cubs 3-1 Then Loose Second Game 9-6

Chicago, Sept. 21.—(P)—Hank Sauer hit his twenty-ninth home run as the Chicago Cubs out-slugged the Philadelphia Phillies, 9-6, in the second game of a double-header after a 3-1 loss in the opener today before 5,572 persons.

The Cubs pounded six extra base hits in the second.

Sauer smacked his homer in the winners' 14-hit assault against Rob-in Roberts and Jim Konstanty; and the Cubs snapped a four-game losing skein. Both teams posted five-run innings in this game. Walt Dubiel took over after Doyle Lane was kayoed in the sixth and gained his sixth victory.

In the opener Russ Meyer, a former Cub, pitched steady seven-hit ball to gain his fifteenth decision and fourth against Chicago. In besting Warren Hacker and Dubiel, who also appeared in the opener, Meyer was aided by eighth lining singles by Andy Seminick and Bill Nicholson to produce the winning runs.

Chicago's only run off Meyer was Phil Cavarretta's first inling homer, his eighth of the season.

Boston Red Sox Edge Closer To Yanks; Win 9 to 6

Boston, Sept. 21.—(P)—Ellis Kinder, the American league's leading right hander, couldn't have selected a better time to pitch his first victory over the Cleveland Indians who were doused 9-6 today by the Boston Red Sox.

The victory, combined with a New York loss to Chicago, inclined the Sox to within two games of the Yankees.

Kinder was waved into the game in the seventh inning and stopped the aroused Indians cold while his mates, thanks to Ted Williams' 41st home run of the season, battled to a decision which kept them in the American league pennant fight. The victory was the 22nd of the year for Kinder who has lost but five games.

The Indians used a half dozen pitchers in a vain effort to halt the second place Sox, who yesterday knocked the Clevelanders out of any chance they had of retaining their American league pennant.

The Sox came from the rear twice and then were forced to break a 6-6 tie. Williams did it with his lofty belt in the seventh.

Each team scored once in the second inning.

The Indians drove out starting Pitcher Jack Kramer with a three run outburst in the fifth only to have the Sox fight back with four of their own in the same inning.

Football Briefs

Champaign, Ill., Sept. 21.—(P)—Illinois' offensive plans for the football opener with Iowa State Saturday were jarred today when veteran End Walt Kersulis was hospitalized with tonsillitis. Team physicians said he was a doubtful starter against the invaders.

For the third straight day the Illini eased up as Coach Ray Eliot avoided contact work in favor of long signal and passing drills.

Practice Defense
Evanston, Ill., Sept. 21.—(P)—Northwestern's Wildcats tapered off for their opener against Purdue Saturday with a concentrated drill against Boilermaker formations in today's double practice session.

Coach Bob Voigts had the varsity trying to solve Purdue plays as executed by the Wildcat B squad.

Fight For HB Spot
South Bend, Ind., Sept. 21.—(P)—With the Indiana opener only three days away, Notre Dame's starting left halfback today still was a toss-up between Bill Gay and Frank Spaniel.

Gay probably will play left half on defense, but Spaniel's ball-carrying has been as impressive as the Chicagoan's in drills. Coach Frank Leahy probably won't name his offensive choice at the post until he announces his lineup Saturday afternoon.

Scribe Picks Winners For Big Ten Section

By Charles Chamberlin
Chicago, Sept. 21.—(P)—Giving the football roulette the first 1949 spin for the Big Ten area:

Michigan 28 Michigan State 14—Billed for its third straight Western conference championship, Michigan should hammer out its 24th victory in a row. But the Spartans, with more speed and versatility this season, could make it close and even spring an upset. The Wolverines will have earned their pre-season rating if they win. Michigan was able to scrape together only a 13-7 win over the Spartans last year.

Northwestern 20 Purdue 7—This is another explosive opener, and the only Big 10 conference clash Saturday. The Wildcats have most of their Rose Bowl title outfit intact, including one of the finest backfields in the country, headed by Art Murkowski and passer Don Burson. Harry Sznulborski, for two years the league's top ground gainer, and speedy Norb Adams make Purdue's backfield dangerous. A shot of added reserve strength also enhances. It's the rubber game in a series starting in 1895. Each team has won 14 with one tie.

Uclans Are Rugged
U. C. L. A. 21 Iowa 13—The Nclans are a pretty rugged outfit although not tabbed this year for the Pacific coast top. They already have a 35-13 win over Oregon State and should prove too much for an untested Iowa outfit which lost its ace passer, Al Di Marco.

Minnesota 27 Washington 7—Can't see much for the Huskies, who had a hard time downing Utah 14-7. If Minnesota finds sustained backfield speed to go with its sturdy forward wall, it will be hard to keep out of the Rose Bowl. This game should at least unveil how far the Gophers have come to backfield improvement.

Ohio State 21 Missouri 7—This may develop into Ohio State's best campaign since taking the title in 1944. But the Buckeyes lost a fine offensive end, Sonny Gandee, for the season. He was a key man in their attack. Twenty-one seniors among 26 lettermen give the Buckeyes a big edge in experience.

Illini, Notre Dame Favored
Illinois 26 Iowa 7—The Illini, bolstered by several fiery sophomore backs, uncork a two-platoon system

against a team plenty hep through the air. The Cyclones swirled over Dubuque last week 64-0.

Notre Dame 42 Indiana 6—Could be more, depending on how the Irish reserves go. The Hoosiers, with a flock of untried sophomores, are booked for the rear in the Big Ten race.

Wisconsin 13 Marquette 6—The Hilltoppers, usually trampled by their state rival, may make it closer this time. But Wisconsin should win, maybe by more, for it new coach, Ivy Williamson, Marquette was impressive in burying North Dakota State 66-0 a week ago.

Chisox Outlast Yanks 10-9 In Mixed Up Slugfest

New York, Sept. 21.—(P)—Gus Zernial's three-run pinch homer in the ninth inning sliced New York's American league lead to two games today as the Yanks "blew" a seven-run lead in losing to a motley crew of Chicago White Sox regulars and rookies, 10-9, at the Yankee Stadium.

The Yanks had the ball game in the deep freezer after an eight run third inning but a combination of an injury to Pitcher Tommy Byrne and successive relief failures by Ralph Buxton, Hugh Carey and Joe Page—of all people—brought disaster.

It was Page, the infallible, who threw the home run ball to "Ozark Ike" Zernial with two on in the ninth.

Until the Sox's closing surge, it had been a dull, loosely played contest that must have left many of the Chicago rookies wondering if the big leagues really were like that.

The customers, some 10,441, gave more attention to the Dodger-Cardinal and Red Sox-Indians games on the scoreboard after the Yanks completed their third inning romp.

They perked up their ears when the Sox pummeled Buxton for three in the sixth and regained interest when the Chicago added three more in off Casey, in the eighth.

Zernial's wallop into the lower left field seats, following Steve Souchock's double and a walk to rookie Bob Krsnich, left them mumbling to themselves.

Kiner Gets 51st, 52nd Homer To Break His Record

Pittsburgh, Sept. 21.—(P)—Ralph Kiner, Pittsburgh Pirate left fielder, hit his 51st and 52nd homers of the year tonight but the Boston Braves, aided by circuit clouts by Jim Russell and Ed Crandall, defeated the Pirates 9-7.

Kiner's 52nd homer broke his own record of 51 hit in 1947. It left him four behind the all-time National league record of 56, held by the late Hack Wilson of the Chicago Cubs, and eight behind the major league mark of 60 set by the late Babe Ruth.

Kiner has nine games left to play, six in Pittsburgh and three in Cincinnati. He drove in three runs with his homers tonight, bringing his season's total to 122 and giving him at least a temporary lead for the most runs driven in by a National league hitter. Jackie Robinson of the Brooklyn Dodgers, has 119.

Kiner will have to hit a homer at a one-day clip if he is to beat Ruth's mark of 60 set in 1927. National league mark of 56 was set in 1930.

Stranahan, Riegel Win First Match In Amateur Golf

St. Louis, Sept. 21.—(P)—All of the favorites, headed by sub-par shooting of Robert "Skeet" Riegel and Frank Stranahan, won their first round matches in the Western Amateur Golf tournament today.

Riegel, the defending champion, who gets his mail at Upper Darby, Pa., but represents the Tulsa, Okla. country club, was one stroke under par in beating John Johnson, of St. Louis, 5 and 4.

Stranahan, of Toledo, Ohio, the 1946 western amateur champion, also bettered par figures on the tough 6,505-yard Bellevere country club course in topping Henry Timbrook, Jr., of Indianapolis, 4 and 2. He was one under.

Two rounds are scheduled tomorrow.

John Wagner, of Wilmette, Ill., the medalist of 145, eliminated Frank Maloney of St. Louis, 3 and 1. Wagner was three strokes over par.

Another former champion, John Lehman of Chicago, came through with a 1-up victory over R. M. Evans of Bloomington, Ill., while tight-time titlist Chick Evans of Chicago bowed to Arthur Floberg, Lake Geneva, Wis., 3 and 2.

Hialeah will observe a silver anniversary this winter. The Florida race track was opened Jan. 15, 1925.

Stroud-Coached Club Makes First Football Appearance In 4 Years

The Routt Rockets will don gridiron togs and tangle with a football foe for the first time in four years when they meet Arenzville's huskies under the J.H.S. lamps tonight. Kick-off time is slated for 8 p.m.

The Jacksonville club and its opponent are charter members in the 2-C six-man football conference, organized this year. Franklin journeys to Chanderlerville for the other league contest, although the outcome will not be entered in loop standings. Meredosa, the fifth member, is idle tonight.

The Paul Stroud coached Rocket sextet will be hampered slightly from the standpoint of experience tonight. Routt was the only conference team that did not see action last Thursday. Verdie Altizer's Arenzville club rapped Chanderlerville 36-19, while Meredosa slipped to a 26-18 decision over the Franklin Flashes in league openers.

Don Wessler, husky Arenzville fullback, will be a marked man tonight. He scored four touchdowns against the Comet sextet last week. Advantage To Idleness.

But, as Stroud pointed out, there was also an advantage to the Rocket idleness last week. Every Routt opponent was scouted thoroughly, while the locals have been able to keep under cover in closed practice sessions.

Stroud welcomed a turnout of 30 athletes on the first day of practice three weeks ago. His squad, since then, has been cut to 17. In naming his starting lineup, Stroud emphasized that subs would be thoroughly tested in the opener.

The Routt mentor stressed speed and agility when he culled a starting six from his 17-man squad. Heaviest starting gridders will be John Kennedy, 6 ft. fullback, who weighed in at 175 pounds.

Quarterback A. J. Spreen, at 160 pounds, will call the signals. Dick Casler and Bill Kaufmann are slated for end duty. "Hinky" Henry, 166 pound line-backer, is Stroud's choice for starting center.

Lonerag Is Smallest Starter
Chief offensive weapon is 145 pound Sonny Lonerag. Smallest man in the starting lineup, Lonerag possesses a fair amount of speed and is at his best in the open field.

For bulk the Routt mentor has 200 pounders Paul Saner, Jim Flynn and "Tubby" Towers in reserve. Saner, a back, will do the punting. Jack Murphy, Jack Bonjean, Dan Whalen, Jim Clancy and Jim Sellars will have ball-carrying assignments. Jimmy Phalen, 140 pound freshman, is the youngest man wearing Routt colors, but, because the east-siders have been dormant in the gridiron sport for the past

four years, can boast as much experience as even senior quarterback Spenn.

Tony Cobb and Ed Flanagan will combine their talents with the pre-named heavyweight reserve line-men.

Arenzville coach Verdie Altizer, confided last night that he will stick with the same starters that trimmed Chanderlerville so handily in their '49 debut.

Besides big Don Wessler, the Cass county backfield will sport Marvin Wessler at halfback and Fricke at Quarter. Hansmier and Lovekamp will guard the flanks with Ruppel at center.

A record turnout is expected tonight to welcome six-man football back into the local gridiron picture.

Leads State Preps

Greenfield halfback Dean Cochran is currently front man in the downstate gridiron scoring parade with 36 points to his credit. The Greenfield gang, coached by Don Luketich, romped to an easy 39-12 win over Girard in their '49 football debut last Friday. Cochran rang up six touchdowns in the Greene county opener for the 36-point total. The Greenfield eleven is marked as one of the top contenders for the Illinois Valley title this year.

Frisch Challenges \$200 Fine Imposed By Ford Frick

Chicago, Sept. 21.—(P)—Manager Frankie Frisch of the Chicago Cubs today challenged a \$200 fine levied against him by President Ford Frick of the National league for a flareup in yesterday's Brooklyn-Cub game here.

Frisch's firing developed from a run-in he and Catcher Mickey Owen had with Umpire Art Gore on Jackie Robinson's theft of home in the eighth inning of the Dodgers' 5-0 triumph. Owen was fined \$100 and suspended for 10 days.

Frisch said he was fined reportedly for directing "vile and profane" language at Gore when Robinson was called safe in a close play.

"I want to find out more about that point before I pay any fine," Frisch declared. "I didn't say anything out of order."

Frisch has five days to pay the fine. He didn't appear on the coaching lines today as the Cubs met Philadelphia in a twin bill.

The Cub pilot also said Frick's action against Owen was "making a joke out of it—suspending Mickey with our two series against the Cardinals coming up." Owen spilled Gore when he turned quickly after tagging Robinson. Both Owen and Frisch were chased then from the game.

Warren Huey, regular end on four Spartan football teams, has been appointed to the Michigan State physical education staff.

DiMaggio May Be Out Of Yank Roll For Rest Of Year

New York, Sept. 21.—(P)—The New York Yankees were handed the bad news today that Joe DiMaggio will not be available for their "crucial" three-game series against the Boston Red Sox starting Saturday at Fenway Park.

The \$90,000-a-year joiler is confined to his hotel room here with a virus infection and will not be on his feet for another week, estimates Dr. Jacques Fischl, club physician. The centerfielder has been ill since last Saturday.

It has been reported that DiMaggio was suffering with virus pneumonia and might not recover in time to play in the world series starting Oct. 5 if the Yanks should win the American league pennant.

Dr. Fischl did not identify the infection as pneumonia, nor speculate as to how long DiMaggio would require to attain playing form after he is "up and around."

To better judge their ability as tackles we asked the man who had one, after he sufficiently recovered. The dazed ball-carrier established no prejudice against either twin and voiced only preference to have someone else hit him before Jim and Sam arrived on the scene.

That's no exaggeration. The boys are good. And, that's why there's good news in the Milliken camp today. Sam's going will weaken the Blueboy forward wall considerably, even more than brother Jim can make up.

Every year when they don their pads and harness and crouch in the tackle slots, the Monday morning head-linesmen begin their perennial discussion, "which twin is the better." During overclass high school days when Sam was out with a broken collarbone for most of the season, some experts tabbed Jim the bigger cog. In later college years, the fickle fans switched to brother Sam. To us, the identical twins remain the same even when they block and tackle. Difference in ability between the two boys won't vary a dime's width, as far as our bleary eyes can detect.

Sam's idleness will mark the first time in three seasons of college football that the twin-brother tackle combo of Jim and Sam Spink has been split up. Jim, unhurt, is a definite fixture at right tackle for the Blueboys.

The 230 pound twins, sons of Mr. and Mrs. Earl Spink, 1004 W. Lafayette, began writing their personal football saga in 1941 when they broke into the Jacksonville high school lineup as freshmen. They continued to make headlines every fall, except in 1945 when they were footballically drowsy by the U.S. Navy, up to this season. They are seniors at Illinois College.

Tadworth, Eng., Sept. 21.—(P)—Two American Ryder cup players fell before inspired British play today in extra hole matches in the British professional golfers' association championship.

Six other Americans advanced, none very easily.

Jimmy DeMaret, looking dark in tan rain garb, bowed to Johnny Fallon, a British Ryder cup nominee who was not chosen for the team, and in the final match of the day Eig Dutch Harrison wilted before the crushing finish of defending champion, Fred Daly of Ireland.

Both matched ended on the 19th hole. DeMaret went out when a three-foot putt rolled lazily up to the cup, looked in but chose to stay out.

Daly shot three birdies and a par on the final four holes.

Someone to Love

Copyright, 1949, NEA SERVICE, INC.

THE STORY: Jenny Poleska has broken the news to Tod Duncan that his fiancée, Liz Conover, eloped with another man. Tod is crushed, but the meeting with Jenny restores their old friendship which had lapsed while Tod was a big football star at State University and was running around with Liz. Tod had promised to call Jenny, but when days pass and he doesn't, Jenny calls Tod's home and leaves word that she called.

III

It was April now, one of those warm sunny days, incredibly fragrant and sweet, the air as soft as silk, the grass a tender new green. Jenny always cut across Cleveland park on her way to catch the bus and that was where she met Tod. He was sitting on a bench along the walk that circled the fountain with its statue of Grover Cleveland.

At first she didn't recognize him, for he was slouched down on the bench with his hat sort of over his face just like the other loafers. But suddenly he straightened and shoved back his hat.

"Tod!" She stopped stock still and her heart jumped into her throat. He looked thin, but as handsome as ever.

"Hello, Jenny." He got up, searching her face. "I didn't know whether to stop you or not. I remembered you always used to like to cut across the park."

"Oh Tod! I'm so glad to see you!" Tears actually sprang into her eyes, much to her dismay, tears of relief and delight. "I phoned and Harriet said no one knew where you were, and I've been so terribly worried."

"Harriet told me you phoned. I've been trying all week to get up the nerve to look you up."

"To get up the nerve?"

"Yeah. I said I'd phone you and then I didn't, and it's been quite a while. I guess Harriet told you what a bender I'd been on. I guess I couldn't think of anything but running away."

"But Tod," she whispered, "it doesn't matter. All of us run away in one fashion or another." She came close and put her hand on his arm, smiling at him.

"Gee, Jenny," he said looking down at her. "We used to be such good pals, didn't we?"

"Yes."

THEY walked along now, away from the inquisitive stares of the loafers, until they found a more secluded bench. "I don't want to bother you, Jenny, or make you late for work."

"Max won't care if I'm a few minutes late." She couldn't bear to let him go away and perhaps not see him for months again. Besides she had a feeling that he needed her. That was probably why he had come.

He told her all about the scene that had taken place at home the day of his return from New York. Harriet had had hysterics and they'd had to call the doctor for his mother, she had carried on so. And his brother Joe had taken the whole thing as a personal double cross.

Jenny, remembering Joe, could just picture him, talking in that Humphrey Bogart way of his, cigarette dangling from his mouth, his face twisted, his hair falling athwart his forehead. Someday Joe would probably get into some real trouble, trouble worse than getting knocked flat for cheating at a poolroom poker game. He was cheap. The whole family was cheap, all except Tod. But, like Pop used to say, Tod had always been different somehow, clean and handsome, and nothing petty or cheap about him.

Jenny put her hand on his arm again sympathetically. She longed to touch him, to take him into her arms and cradle him like a child. "Don't mind your family, Tod. They'll get over it. I remember when you all used to live on Capitala street where there was always a family row at your house about something."

"You'd have thought I jilted Liz. Instead of her jilting me," he said ruefully. "To begin with Ma had

rented this expensive apartment. They moved in there a month ago. Ma never did think any further

than this month's rent, anyhow. And they'd filled the place full of junk, all bought on credit; new clothes for the wedding, lamps, dishes, even new furniture—because they said they didn't want me to feel ashamed to bring Liz around to see them. And then after getting all set up, they find out all of a sudden I wasn't going to marry into the Conover family after all. Well, you can see how it was."

"Yes, I can see." Jenny remembered the venom in Harriet's voice that night over the phone.

"And I was feeling so upset and confused anyway, and pretty blue to think Liz couldn't have waited and explained things to me."

A SQUIRREL scampered along the green grass and sat up on its haunches regarding them hopefully with its beady eyes, chattering fiercely.

"But in the end it would have come out the same, anyway, wouldn't it, Tod?" Jenny said after a moment. "The only thing to do is start all over—a fresh start."

He was so good looking, she was thinking, so darned handsome. She didn't see how Liz could have turned him down for anybody else. If only he would look at her and stop thinking about Liz now.

"I suppose I ought to get a job," Tod said. He picked a blade of grass and twirled it in his fingers thoughtfully. "I ought to finish college. Just one more year is all I need for a degree."

"Why don't you?"

"There'll be no more football," he said glumly, "after that accident."

"The football wasn't the most important thing, anyway, Tod. It wouldn't help you get a job. It's the education that counts."

He turned to look at her, his blue eyes sober and intent. "Jenny, you're the only good friend I've got."

"Don't be silly, Tod. Just because Liz married someone else is no sign all your friends are going to drop you. You're making too much out of it. Just because you're

heart sick and disillusioned everything seems distorted. I don't want to sound like a Pollyanna, but honestly you'll see things in a different light a couple of months from now."

HE continued to look at her thoughtfully. "Jenny, you're really pretty wonderful." He flushed slightly, perhaps thinking of the three years when he had never bothered to look her up, or phone. Maybe he was thinking about Pop's dying and his not even coming around then or sending a card. "You've had a pretty tough time of it," he went on, "having no one but Pop for so long, and now he's gone. It must be lonely."

"Yes, and dull too. I mean, unless you do have someone to come home to or look after there's really no meaning in anything. Of course I have friends. There's Nina. She works at Max's with me, and then—" she toyed self-consciously with her purse, embarrassed at his steady scrutiny.

"I suppose you have men friends too. I mean, I'd have thought you'd be married before now."

"Oh I guess the right one never asked me," she said. She had meant the words to sound light and frivolous, but there was a queer hoarse note in them that made Tod lift his brows.

"The right one?" He laughed. "Why Jenny! You're in love with someone! Who is it? Someone I know?"

"It's you, silly." She tossed her head, and threw him a lightly provocative look from her brown eyes. He looked surprised and rather pleased. "D'you suppose you could get the day off, Jenny?" he said abruptly. "We could go somewhere and—"

"Where?"

"Oh I don't know, lunch at some snazzy place, and then a show maybe."

"Sure," she said happily. "Max won't care. I've not had a day off in ages. I'll phone him."

Tod hailed a taxi swinging around one of the boulevard curves nearby and it drew to the curb and they climbed in. The day grew suddenly festive, the sun was brighter, the air was fresh with promise.

Soybean Harvest Going Full Blast In Morgan

Virginia Jaycees Plan To Sponsor Gala Corn Festival

Combines were marching down the rows of Morgan county soybean fields Tuesday as the annual harvest got into full swing. Farmers were busy threshing the plump golden grains of a crop that will possibly be recorded as the best harvested since the soybean was introduced in this area.

Total acreage is considerably down, however. Much of the land allocated to the crop during the war years was seeded in wheat last fall. Observers say the acreage planted to soybeans this spring was 10 to 20% less than the 1948 figure, when 50,500 acres of Morgan county land produced a record crop, 28 bushels per acre.

In 1947 the soybean acreage in Morgan was 60,900 acres, but the yield was only 18 bushels, ten less than the 1948 average which placed Morgan among the top seven soybean producing counties in the entire state.

The Hawkeye, a new variety introduced last year, appears to be making good again this year, from the standpoint of earliness, yield, quality and standability. Their performance is closely followed by the Lincoln, another superior early variety introduced by Illinois agronomists.

Although not many fields have been finished yet, yields ranging from 20 to 40 bushels per acre are forecast. Nearly all of the samples coming to market Wednesday graded No. 2. A few more days of dry weather will move some of them into the No. 1 class.

The cash price for No. 2 beans has declined rapidly within the last three weeks, dropping from bids ranging around the \$2.75 per bushel mark down to around \$2.08 at country stations Wednesday.

A series of informative and inspirational messages on "The Christian Religion" is being planned for the benefit of youth boys in this community.

The series, sponsored by the Hi-Y in cooperation with the Ministerial association, will include addresses by four local ministers.

Pankhurst, pastor of the Congregational church, "The Challenge of Christianity Today."

Farrell Patterson of the faculty of Jacksonville High school is the adviser.

Winter Oats Not For This County, Says Agronomist

Farmers who plant winter oats in Morgan county cannot reasonably expect the crop to survive the winter more than "one or two years out of 10," declares W. O. Scott, extension crops specialist of the College of Agriculture.

This statement was contained in a reply directed to Farm Adviser E. H. Garlich, who had been asked by several farmers of this area whether the planting of winter oats was practical here.

The variety has been used with some satisfaction in the southern third of the state. Advocates say the fall seeded crop works in better with the overall farm labor program, provides a green winter cover for the soil and matures before the blistering high temperatures of early summer.

Prof. Scott says, however, that the crop is even less winter hardy than winter barley.

"We ordinarily do not expect winter oats to life over the winter often enough to be practical north of a line drawn from St. Louis to Lawrence county," he concluded.
